

ACCEPTED ABSTRACTS (2ND ROUND) – ISICO 2013

81 Abstracts from 9 Countries, and 49 Institutions in the world.

Paper ID	Title	Authors
80	Implementation of Artificial Intelligence with 3 Different Characters of AI Player on "Monopoly Deal" Computer Game	Irene A. Lazarusli, Patrick Widjaja, Samuel Lukas
81	e-Audit Using Cryptography: One Of Solution For Effective And Efficient IT Government	Dessy Diah, Arief Sofyan
83	Curriculum Structure of The Undergraduate Programs of Information Systems in Indonesia in The Year of 2013	Arif Wibisono, Amna Shifia Nisafani
84	Metadata for Creating and Displaying Dashboard	Rosni Lumbantoruan, Marthadinata Hutagaol, Winda Tampubolon, Januar Sirait
85	Spatial Analysis of Land Development Suitability Tea Plant in West Java with a Geographic Information System (GIS)	Poppy Marlina Monica Hutapea
86	E-Learning User Interface Acceptance Based on Analysis of User's Style, Usability and User Benefits	Rama Diani, Rodziah Atan
87	Designing Portal Amazing North Sulawesi as Part of Indonesian e-Cultural Heritage and Natural History	Stanley Karouw, Gene Kapantow
88	Mobile Steganography: Inserting Secret Message on an Image on Android Device	Nazori Agani, Abdul Muis Sobri, Suwato Komala
89	Decision Support System Feasibility of Tourism Resort in Poso District used 360 Degree	Andreas Artahsasta Taroreh, Andeka

Paper ID	Title	Authors
	Method	Rocky Tanaamah, Charitas Fibriani
90	ICT-Pedagogy as a Strategy to Improve Quality of Education: Barriers and Effective Practices	Chandresh Chhatlani
91	Skenario Kebijakan Industri Gula untuk Meningkatkan Stabilitas, serta Dampak Penggunaan RFID Terhadap Bufferstock Management Gula dengan Menggunakan Pendekatan Sistem Dinamik	Agung Brastama Putra
92	Security and Performance Analysis of VoIP over VPN	Rheza Firmansyah, Timotius Witono
93	Determination of Optimum Flow Rate and Inflow Performance Relationship (IPR) Two Phase Flow in Damaged Formation Area with Couro Method	Hongki Budi Prasetyo
94	How to Integrate XBRL Into Accounting Curriculum at Banjarmasin State Polytechnic	Noor Romy Rahwani
95	The KPI Model for ICT Service Quality Measurement	Rozi Nor Haizan Nor, Rose Alinda Alias, Azizah Abdul Rahman
97	Geographic Information System for Mapping Place Of Health Care using Algorithm A*	Erick Fernando, Pandapotan Siagian, Sindak Hutauruk
98	Trade off between the response time and data transfer for Federation over SPARQL Endpoints	Nur Aini Rakhmawati
100	Dashboard Marketing System using Business Intelligence Case Study: UNIS Tangerang	Dony Saputra, Oleh Soleh, Meta Amalya Dewi
101	Alignment of e-Government Policy Formulation with Practical Implementation: the Case of sub-Saharan Africa	Willard Munyoka, Mungofa Francis Manzira

Paper ID	Title	Authors
102	Penetrating windows 8 with syringe utility	Monika Pangaria
103	Implementation of Ant Colony Algorithm to Determine The Scheduling Order Ship at Merak Port of Banten	Rouffurrohim Rouf, Andri Iksan Cahya Pratama, Tb.Ai Munandar Munandar
104	Network Status, Organizational Specialization and Innovation Performance in Global TFT-LCD Technology	Chun-Yao Tseng
105	Failure to Launch: Scope Creep and Other Causes Of Failure	Samiaji Sarosa
106	E-Business Design Using Quality Function Deployment Method and E-Servqual in CV. Trimatra Unggul Saday	Mufti Kamil, Rizky Afrian, Rayinda Soesanto, Deden Witarsyah
107	Decision Support Systems For Classifying Types of Children's Intelligence Using C4.5 Algorithm	Laily Oktaviani, Ninik Wulandari, Masitoh, Tb.Ai Munandar Munandar
108	Implementation of the AES (Advanced Encryption Standard) Criptographic Algorithm for the Data Text base Android-Smartphone	Sri Rejeki, Samsudin Neni
109	Utilizing Instant Messaging for Real-Time Notification and Information Retrieval of Snort Intrusion Detection System	Hargyo Tri Nugroho, Bagas Adi Wicaksono
110	An Exploratory Study on Online Privacy Awareness Using Social Media: A Case Study of Malaysian Youth	Kamarul Faizal Hashim, Ammar Rashid, Syazwan Abdullah, Bashah Mat Ali
111	Application Development for Introducing Butak-Traditional Music Instrument using Multimedia Approach	Dona Ningsih, Riani Dewiyanti, Tb.Ai Munandar Munandar, Haris Triono Sigit

Paper ID	Title	Authors
112	Decision Support System for Selecting Candidate of Haji On Duty Using Simple Multi Attribute Rating Technique (SMART)	Eva Novia, Sri Wahyuningsih, Ummi Nopiana, Harsiti
113	Malware Attacks Intelligence in Higher Education Networks	Charles Lim, Louis Lukito
114	Expedition Service Systems using Android Platform	Michael Yosep Ricky
115	Introducing a Web Based Robotics Program for Creative Learning	Ying Chen, Graeme Faulkner
116	Knowledge Engineering for Developing Knowledge Management System: College of Arts, Media and Technology, Thailand	Walaiporn Singkhamfu, Achara Khamaksorn, Pitipong Yodmongkol
117	Development of Drowsiness Detection System with Analyzing Attention and Meditation Wave using Support Vector Machine Method	Indoriko Shin, Bambang Setiawan, Hatma Suryotrisongko
118	Drowsiness Detector System Development for Late Night Shift Workers Using Support Vector Machine Method with Neurosky Mindwave Mobile	Izzat Aulia Akbar, Febriliyan Samopa, Hatma Suryotrisongko
119	IT Governance and Audit Performance using COBIT , PBI And ISO Framework for Accounting Transaction Security on Rural Banking (BPR) in West Java	Nanang Sasongko
120	Analysis of the Use of Routing Wavelength Assignment in WDM Optical Network Performance and Wavelength Converter to The Blocking Probability	Jati Fallat
121	A Knowledge Management Scorecard Model For Private University	Heni Nurani Hartikayanti, Tacbir Hendro Pudjiantoro

Paper ID	Title	Authors
122	Analysis of Mysql Server and Mysql Cluster Performance on the Cloud Computing	Zefriansyah, Fathir Wafda, Teddy Juana, Yuwaldi Away
123	Factors Promoting Knowledge Sharing Using Virtual Mode for the Researchers in Malaysia	Hairol Adenan Kasim, Raja Abdullah Raja Yaacob, Muhammad Rozi Malim
124	Moving To Higher Standard Visual Presentation System: Retention or Reluctance?	Aditya Mitra
125	Green Technology Strategies: Improving the Total Capacity of Information System by Applying Cross-Layer Technique in Millimeter Wave Wireless Broadband Network	Endroyono, Gamantyo Hendrantoro
126	Colorectal Cancer Classification using PCA and Fisherface Feature Extraction Data from Pathology Microscopic Image	Fajri Rakhmat Umbara, Adiyasa Nurfalah, The Houw Liong
127	Intelligent Water Drops Algorithm for Solving Simple Scheduling Problem	Wendy, Melissa Amanda, Indra Maryati, Joan Santoso
128	Feature-Based Sentiment Analysis in Online Review with Semi-Supervised Support Vector Machines (S3VMs)	Jessie Setiady, Warih Maharani, Rita Rismala
129	Correlation Between ICT Industry and GDP Growth in Indonesia	Susmini Indriani Lestaringati, Aldo Agusdian
130	Academic Mining to Assist the Guardian Mechanism Using Naive Bayes Classifier	Veronikha Effendy
131	Agility of Information Systems as a Medium for Dissemination of Information and Knowledge Based on Knowledge Management Roadmap	Eka Widhi Yunarso

Paper ID	Title	Authors
132	Educational Overview: Understanding Integrated Business Process through Practical ERP Software	Dony Saputra, Dedi Royadi, Zainul Hakim
133	Academic Dashboard System for Analyzing College Academic Activity	Dony Saputra, Nur Suchahyo, Moch. Arif Wicaksono
134	Applying Linked Open Data Approach for Publishing Lecturers Performance Data in Indonesia	Al Aminuddin, Benny Sukma Negara
135	Web Service Data Connection through Microsoft Office Document	Soetam Rizky
136	Path Analysis Model for Identification Enabler Enterprise Governance in Implementation of Vocational Higher Education Governance	Heru Nugroho, Kridanto Surendro
137	Integrated Application Agent-Based Services Framework	Susmini Indriani Lestaringati
138	Monitoring Web Browsing Habits of User Using Web Log Analysis and Role-Based Web Accessing Control	Phudinan Singkhamfu, Parinya Suwansrikham
139	E-Commerce Quality Evaluation Framework: a Case study on B2C E-Commerce Websites	Alawiyah Abd Wahab, Faudziah Ahmad, Jamaiah Yahaya, Fauziah Baharom
140	Application of Non-Verbal Voice Detection WSN Based for Smart Home System	Eko Polosoro, Jazi Eko Istiyanto, Agfianto Eko Putra
141	Explore and Analyze Shore Library on Face Tracking Application	I Putu Partadiyasa, Eri Prasetyo W

Paper ID	Title	Authors
142	Using Artificial Bee Colony Algorithm with Optimization for Solving Scheduling Problem	Marissa Dewi Muljono, Riandika Lumaris
143	Augmented Reality for Geometry Learning Toolkit For Elementary Student Based On OpenCv	Daniel Andrew, James Purnama, Maulahikmah Galinium
145	Authorization as a Service in Cloud Environments	Amal Alsubaih, Alaaeldin Hafez, Khaled Alghathbar
146	Application of Particle Swarm Optimization in Scheduling Problem	Subroto Prasetyo Hudiono
147	Blind Detection of the OFDM Signal Modulation Using Statistics Characteristics, Case Study: IEEE STANDARD 802.16m	Afief Dias Pambudi, Suhartono Tjondronegoro, Heroe Wijanto
148	Web Site Usability Evaluation: An Exploratory Study on the Web Site of Directorate General of Higher Education	Imam Azhari, Agus Harjoko
149	Menjejak Perangkat Analis Karakteristik Aktivitas Pengguna pada Browser Sistem Operasi Windows 7	Ardianto, Gunawan
150	TGB; Learning Media of Traffic Guidance Book Based on Mobile Application as Education Step Towards Intelligent Traffic Generation	Yusron Mubarak, Fitri Alfarisi, Warsono Elkiayat
151	A Hybrid Approach for Named Entity Recognition in Indonesian Language	Sigit Priyanta, Sri Hartati, Edi Winarko, Retantyo Wardoyo
152	The Analysis of Information Technology Governance Using COBIT 4.1 Framework for Supporting Service of Information Technology Case Study: PT. Pupuk Sriwidjaja	Stenly Heryudo, Angelina Prima Kurniati, Erda Guslinar Perdana

Paper ID	Title	Authors
	Palembang	
153	Evaluation and Criteria of Mobile cloud storage application	Charles Lim, Michael
154	Audit of Information System Using COBIT 5 Framework on PT Erajaya Swasembada, Tbk	Wella Alvian, Viany Utami Tjhin
155	Privacy and Security in Cloud Environment: A Survey of Recent Development	Amal Alsubaih, Alaaeldin Hafez, Khaled Alghathbar
156	Dashboard for Monitoring Network Operations	Eka Sinambela
157	Batik Image Classification Rule Extraction using Fuzzy Decision Trees	Anita Ahmad Kasim, Retantyo Wardoyo
158	Let's Keep on Reading: User-Centered Design of an Online Book Loan System for University Students in Bandung	Maria Elnyemesia Birgita, Johanna Renny Octavia Hariandja
159	Data Mining for Predicting the Next Purchase Based on Classification of Customer Brand Loyalty	Agus Sasmito Aribowo
160	Review on Data Mining Methods for Tuberculosis Diagnosis	Rusdah, Edi Winarko
162	Natural Language Processing for Database Query: Application on Road and Traffic Data	Arief Wibowo, Sri Hartati
163	Encourage e-learning programming Indonesia with Website Beling (Belajar Programming)	Dimas Ramadhani, Riza Herzego Nida Fathan, Suci Fadhillah
164	Ekispedia Series, The Innovative Islamic Economics Learning Media Software-Based	Robi Awaluddin, Nisa Rahmah Suci, Tia

Paper ID	Title	Authors
	Mobile Phones	Meida
165	Building Tacit Knowledge Management to Achieve Enterprise Objectives Conceptual Overview	Dony Saputra, Dina Fitria Murad, Muhammad Irsan
